FAQ'S

Will I have to provide proof of liability insurance for my booth?

Yes, at check in you will have to provide a copy of your business insurance to receive your spot assignment and be allowed to set up.

Can I share a booth or have a featured trunk show?

Yes you can! It requires an application from all parties (the main booth vendor and the split or trunk show). The contract will have an option to pay for trunk show space/booth sharing at a reduced price. This way both parties are receiving the information emails on set up and parking etc., and holding a spot in promotional materials. If you want to ensure your business is being advertised and receiving email communications, you must complete an application.

Can I request a specific spot?

You can let us know If you have a specific need (ie, another business will watch your booth etc. And we will try our hardest to accommodate that.

FAQ'S

I want to be featured in the fashion show but was not planning to be a vendor, can I do that?

No not this year. We will be focusing on sourcing our fashion show outfits directly from the businesses at Market . In order to have your items featured you must be an accepted vendor.

I'm planning on starting a business but I won't have all my information before applications are due, should I still apply?

You need to have your company name, tax registration information (UBI, EIN, or state equivalent), and what you will be offering by the application deadline. You do not need vendor liability insurance until arrival at market.

I saw someone at Market last year, and they sold the same thing I do. Are they automatically accepted for this year, or should I apply?

You should absolutely apply! Depending on the variety of applicants we may have room for more than one of each type. You also don't know if they are applying this year. They may have a scheduling conflict for 2024, or may have changed their business model.
